

FOR RELEASE ON:
Immediate

(For information, contact Zach Reagan at information@adaptive3d.com or call 469-573-0024)

As the leader in elastomeric solutions for additive manufacturing, Adaptive3D has a vision to enable high-quality and high-volume manufacturing of end parts and products. In order to fulfill that vision, Adaptive3D is announcing a price reduction to meet relevant cost structure requirements of functional parts in series production.

As of January 6th 2021, the list price on a per-liter basis will be **\$161.80 per liter** for our flagship products: Elastic ToughRubber™ 90, Elastic ToughRubber™ 70, & Soft ToughRubber™.

If you would like to place an order, contact us at **+1 469-573-0024**, send an email to sales@adaptive3d.com or contact our distributors worldwide.
